

1. Identification of the Product and the Company:

Product Identifier : WF 418
Use of the product : Industrial Use
Manufacturer and Supplier : Arora Technologies (P) Limited
Address : Plot No. D-183/8, MIDC, TTC Nerul, Navi Mumbai- 400706, Maharashtra, India
Telephone No. : T: +91-22-6138 0600,
E-mail : E: info@arorandt.com | W: www.arorandt.com

2. Hazard Identification:

Physical hazards : Not classified.
Health hazards : Skin corrosion/irritation Category 2
Serious eye damage/eye irritation Category 2
Specific target organ toxicity, single exposure Category 3 respiratory tract irritation
OSHA defined hazards : Not classified.
Label elements

Signal word : Warning.
Hazard statement : Causes skin irritation. Causes serious eye irritation. May cause respiratory irritation.
Precautionary statement
Prevention : Wash thoroughly after handling. Avoid breathing mist or vapor. Use only outdoors or in a well-ventilated area. Wear protective gloves/protective clothing/eye protection/face protection.
Response : If in eyes; Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. If eye irritation persists; Get medical advice/attention. If on skin; Wash with plenty of water. If skin irritation occurs; Get medical advice/attention. Take off contaminate clothing and wash before reuse. If inhaled; Remove person to fresh air and keep comfortable for breathing. Call a poison center/doctor if you feel
Storage : unwell.
Disposal : Store in a well-ventilated place. Keep container tightly closed. Store locked up. Dispose of contents/container in accordance with local/ regional/ national/ international regulations.
Hazard(s) not otherwise classified (HNOC) : international regulations.

3. Composition/information on ingredients:

Chemical name	CAS number	%
Iron Oxide	1317-61-9	< 30
Sodium Tripolyphosphate	7758-29-4	< 60
Tetrasodium pyrophosphate	7722-88-5	< 5
Butendioic acid, sulfo-1,4-bis(2-ethylhexyl)ester sodium salt	577-11-7	< 5
Alcohols, C 12-14 ethoxylated, propoxylated	68439-51-0	< 5

4. First-aid measures:

Inhalation : Remove victim to fresh air and keep at rest in a position comfortable for breathing. Call a physician if symptoms develop or persist.
Skin contact : Wash off with soap and water. Get medical attention if irritation develops and persists.

Eye contact	: Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if irritation develops and persists.
Ingestion	: Rinse mouth. If vomiting occurs, keep head low so that stomach content doesn't get into the lungs. Get medical attention if symptoms occur.
Most important symptoms/effects, acute and delayed	: Direct contact with skin and eyes may cause irritation.
Indication of immediate medical attention and special treatment needed	: Provide general supportive measures and treat symptomatically. Symptoms may be delayed.
General Information	: Ensure that medical personnel are aware of the material(s) involved, and take precautions to protect themselves. If exposed or concerned: Get medical advice/attention.

5. Firefighting Measures:

Suitable extinguishing media	: Water fog. Foam. Dry chemical powder. Carbon dioxide (Co2).
Unsuitable extinguishing media	: Do not use water jet as an extinguisher, as this will spread the fire.
Specific hazards arising from the chemical	: None known.
Special protective equipment and precautions for firefighters	: Self-contained breathing apparatus and full protective clothing must be worn in case of fire.
Fire-fighting equipment/instructions	: In case of fire and/or explosion do not breathe fumes. Move containers from fire area if you can do so without risk.

6. Accidental release measures:

Personal precautions, protective equipment and emergency procedures	: Keep unnecessary personnel away. Wear appropriate protective equipment and clothing during clean-up. Do not touch or walk through spilled material. Ensure adequate ventilation. Local authorities should be advised if significant spillages cannot be contained.
Methods and materials for containment and cleaning up	: Sweep up or vacuum up spillage and collect in suitable container for disposal. Avoid dust formation. Flush area with plenty of water. For waste disposal, see Section 13 of the SDS.
Environmental precautions	: Avoid discharge into drains, water courses or onto the ground.

7. Handling and storage:

Precautions for safe handling	: Avoid contact with eyes, skin and clothing. Wash thoroughly after handling. Avoid breathing mist/vapors/spray. Use with adequate ventilation. Wear appropriate personal protective equipment. Observe good industrial hygiene practices.
Conditions for safe storage, including any incompatibilities	: Keep container tightly closed. Store in a cool and well-ventilated place. Store away from incompatible materials (see Section 10 of the SDS).

8. Exposure controls/personal protection:

Occupational exposure limits
US NIOSH: Pocket Guide to Chemical Hazards

Components	Type	Value
Tetrasodium pyrophosphate (CAS 7722-88-5)	TWA	5 mg/m3
Biological limit values	: No biological exposure limits noted for the ingredient(s).	
Appropriate engineering controls	: Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation, or other engineering controls to maintain airborne levels below recommended exposure limits. If exposure limits have not been established, maintain airborne levels to an acceptable level. Provide eyewash station.	
Individual protection measures, such as personal protective equipment		

Eye/face protection	: Wear safety glasses with side shields (or goggles).
Skin protection	
Hand protection	: Wear protective gloves.
Other	: Wear suitable protective clothing.
Respiratory protection	: In case of insufficient ventilation, wear suitable respiratory equipment.
Thermal hazards	: Wear appropriate thermal protective clothing, when necessary.
General hygiene considerations:	When using, do not eat, drink or smoke. Always observe good personal hygiene measures, such as washing after handling the material and before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

9. Physical and chemical properties:

Appearance	
Physical state	: Solid.
Form	: Powder.
Color	: Dark green
Odor	: Detergent like.
Odor threshold	: Not available.
pH	: 8- 10
Melting point/freezing point	: Not available.
Initial boiling point and boiling range	: Not available.
Flash point	: Not relevant.
Evaporation rate	: Not relevant.
Flammability (solid, gas)	: Not available.
Upper/lower flammability or explosive limits	
Flammability limit – lower (%)	: Not relevant.
Flammability limit – upper (%)	: Not relevant.
Explosive limit – lower (%)	: Not available.
Explosive limit – upper (%)	: Not available.
Vapor pressure	: Not relevant.
Vapor density	: Not relevant.
Specific gravity	: 1.1 (68 °F / 20 °C)
Solubility(ies)	
Solubility (water)	: Soluble in water.
Partition coefficient (n-octanol/ water)	: Not available.
Auto-ignition temperature	: Not relevant.
Decomposition temperature	: 149°C
Viscosity	: Not available.
Other information	
VOC (Weight %)	: Not applicable.

10. Stability and reactivity:

Reactivity	: The product is stable and non-reactive under normal conditions of use, storage and transport.
Chemical stability	: Material is stable under normal conditions.
Possibility of hazardous reactions	: No dangerous reaction known under conditions of normal use.
Conditions to avoid	: Contact with incompatible materials.
Incompatible materials	: Strong oxidizing agents.
Hazardous decomposition products	: No hazardous decomposition products are known.

11. Toxicological information:

Information on likely routes of exposure	
Ingestion	: Expected to be a low ingestion hazard.
Inhalation	: May cause irritation to the respiratory system.
Skin contact	: May cause the skin irritation.

Eye contact	: Causes serious eye irritation.
Symptoms related to the physical, chemical and toxicological characteristics	: Dusts or powder may irritate the respiratory tract, skin, and eyes.
Information on toxicological effects	
Acute toxicity	: Ingestion of large quantities may cause irritation, nausea, vomiting, diarrhea, bluish-purple discoloration of skin, decreased blood pressure, decreased heart rate, coma.
Skin corrosion/irritation	: Causes skin irritation.
Serious eye damage/eye irritation	: Causes serious eye irritation.
Respiratory sensitization	: No data available.
Skin sensitization	: No data available.
Germ cell mutagenicity	: No data available.
Carcinogenicity	: This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.
Reproductive toxicity	: Not expected to be a reproductive hazard.
Specific target organ toxicity – single exposure	: No data available.
Specific target organ toxicity – repeated exposure	: No data available.
Aspiration hazard	: No data available.

12. Ecological information:

Ecotoxicity	: The product is not classified as environmentally hazardous. However, this does not exclude the possibility that large or frequent spills can have a harmful or damaging effect on the environment.
Persistence and degradability	: No data is available on the degradability of this product.
Bioaccumulative potential	: No data available for this product.
Mobility in soil	: Not available.
Other adverse effects	: No other adverse environmental effects (e.g. ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this component.

13. Disposal considerations:

Disposal instructions	: Collect and reclaim or dispose in sealed containers at licensed waste disposal site. Dispose of contents /container in accordance with local/ regional/ national/ international regulations.
Waste from residues / unused products	: Dispose of in accordance with local regulations. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe manner (see: Disposal instructions).

14. Transport Information:

DOT

Not regulated has dangerous goods.

IATA

Not regulated has dangerous goods.

IMDG

Not regulated has dangerous goods.

Transport in bulk according to Not available

Annex II Of MARPOL 73/78 and the IBC Code

15. Other information:
